Mas. Windlow's Scothing Synur for shildren pething softens the gums and allers all pain. 250

ness of wit; yet both possessed of a farreaching insight into the human heart.

vest of yellow satin. The square skirts as

the side of this coat suggest large pocket

flaps. The front of the skirt is relieved from

the prevailing plainness by being stanhed down the middle to disclose what appears to be an inner skirt of satin. The stanhed steeves

MENU.

TUESDAY, OCT. 4.

BREAKFAST.

Wheat Granules, Eugar and Cream, Been Hash on Tosse btewed Potation, Spanish Omeles,

Quaking Ou

Chop cold boiled potatoes into pieces about

the size of dice, put in a baking-pan, duce

with salt and pepper, cover with thick cream,

aprinkle stale bread crumbs over the top, bake in moderate oven thirty minutes.

I hoda Broughton Taine, the French historian and critte of

English literature, has given it as his opinion

that only two women have produced any

thing permanent in English literature in the

past thirty years. One is George Eliot and the other Rhoda Broughton. Nothing could

be more dissimilar than their writings, the

one masculine in her strength of phrase and

force of style; the other feminine in her keen-

are in admirable accord with the skirt.

sunny-faced, snowy-haired author of "Second Thoughts" may be often seen driving through London on fine days. The artist has succeeded in reproducing the sweetness expression which always marks her feature succeeded in reproducing the sweets

Brocaded Taffeta Tollet. This is a reception toilet of the lovely brecaded taffets so much worn. The jacket is of figure in the brocade. The sleeves, collar and

skirt are of taffeta without figure. The effect of the Russian blouse is produced in front by modish Patrol jacket. A very dainty touch is given by the resette bows on the pockets.

rears since Mrs. Jenks, then past thirty years of age, discovered that art was her vocation Refore this she had sketched a little, and, as her husband was an artist, had breathed an artistic atmosphere; but, at this time, an attempt to reproduce a beautiful bunch of lowers which had pleased her resulted so satisfactorily that henceforth she worked assiduously. She soon found out that she was most interested in painting women and children, and that she has chosen wisely is shown
